

***was just wondering if you would go to heaven with a bellybutton?***

***why did Adam and Eve not have a bellybutton but Seth, Cain and Able did?***

When we die our spirit goes to heaven. When Jesus returns to earth we will get new resurrection bodies that will last forever. These bodies will be perfect without anything wrong with them and they won't ever get sick or die.

Since everyone has belly buttons now I think when we get our resurrection bodies we will still have our belly buttons as well as our hands, feet, eyes, hair etc.

About your second question ...

The reason we have belly buttons is because when we were in our mother's wombs we were connected to our mothers through umbilical cords. So belly buttons are there because we once had umbilical cords. Adam and Eve didn't have belly buttons because they were never in a mother's womb and so never had umbilical cords because God just made them.
